

Tierra Innovations Presents:

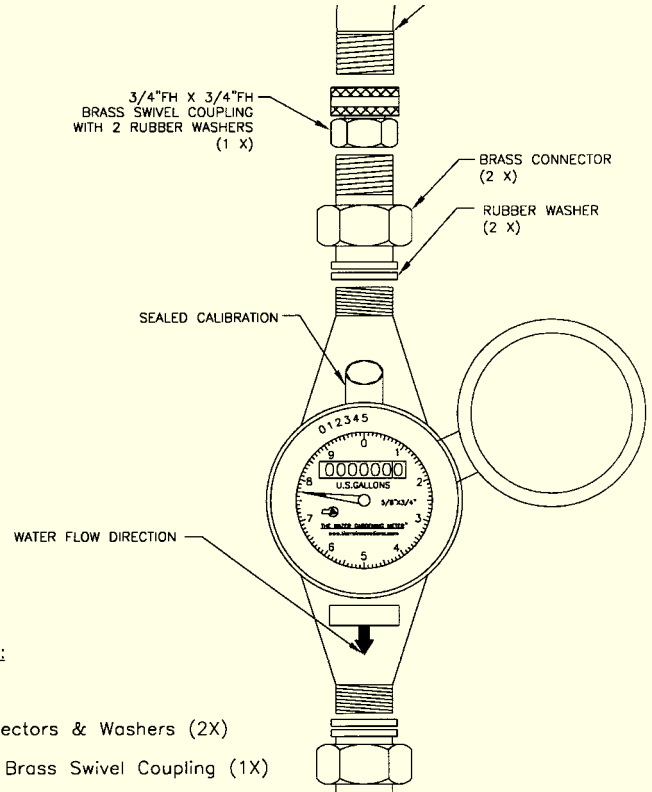

The Water Gardening Meter™

Designed and Manufactured for the Water Gardening Industry

- ◆ Know the accurate volume of water in your pond!
- ◆ Critical when treating fish.
- ◆ Determining how many fish your pond can support.
- ◆ Determining Pump and Filter size.
- ◆ Use to determine proper dosages for pond treatments.
- ◆ Easy to Use & Accurate. (Attaches to garden hose with included coupling. Easy to read odometer with graduations down to 1/10 of a gallon).
- ◆ Solid Bronze Housing.
- ◆ Sell or Rent to your customers.

We developed this product in response to the water gardening industry. Using our meter, a precise measurement of the volume of water in a pond, pool or water feature can now be recorded. With this correct measurement, you can now properly size the pump and filtration system. Correct dosage for water treatments is now assured.

To order: fax the form below to RLA Sales at (770) 886-7097 or if you have questions call (800) 486-6294.

- LIST:
 (1X)
 Connectors & Washers (2X)
 3/4" Brass Swivel Coupling (1X)
